IPR Awareness Programme

Session report

On January 12, 2022, the **Office of the Controller General of Patents, Designs & Trademarks**, Department for Promotion of Industry, Government of India in collaboration with **Intellectual Property Rights Cell, Hansraj College** conducted its first session on **IPR Awareness Programme** under National Awareness Property Awareness Mission. It was a two-hour session, conducted between 12:00 – 2:00 PM, on Zoom platform.

Ms. Prachi Prateeti was the speaker of the session. She addressed the gathering and elaborated the use, need and benefits of IPR. She spoke at length about the five main Intellectual Property Rights; Patents, Design, Trademarks, Copyright, Trademarks and briefly on Trade Secrets. She also elaborated about their characteristics, the kind of protection they give and briefly touched on the procedure for filling these IPR. She emphasized on the fact that at present all of the work done by the Ministry pertaining to IPR is digitalized and that has allowed for fast and easy tracking of application as well as long term storage of information.

She also busted some common myths related to IPR wherein she clarified that inventions need not be complex to get patented, or the process of getting IPR protection is not expensive contrary to popular belief or the process of filling for IPR is not cumbersome unless there is opposition or litigation to the claim.

At the end of the session, Ms. Prachi along with her colleague Ms. Varsha answered several questions put forth by the students. They took their time explaining the queries and gave real life examples to help the students understand how and why IPR is so practical and essential in today's time.

Finally, Dr. Monika Koul gave the formal vote of thanks and the session was adjourned by Ms. Alka Kacker.
