The Enabling Unit of Hansraj College was established in the year 2011 with the aim to strengthen differently-abled people and work in tandem with the college administration for their issues. The EU caters PwDs with all the necessary electronic devices, equipment etc. for their holistic development. With all the aforementioned motives in mind the academic session of 2019-2020 started with full vigour.

On 23rd October 2019, "UN Volunteers and Nipman Foundation" hosted "Youth Dialogues on Disability" in our college to create an interactive space for inclusion of orthopedically disabled.
