

## **Gyan Setu Scheme: 2021-22**

**About the Gyan Setu Scheme:** Endeavors to find solutions to complex social, environmental and economic challenges have increasingly required collaboration between academic institutions. By striking up such partnerships, academic institutions help themselves adapt and thrive amid economic volatility, political change, demographic shifts and technological developments. Keeping that in mind we at Hansraj College feel that such collaborations are the need of the hour. It is with this vision, we present our “Gyan Setu Scheme”, based on the principle of mutual collaboration in terms of teaching, research and sharing knowledge between two Colleges in the remotest areas of India as equal partners.

### **Objective of Gyan Setu Scheme:**
