## Viksit Bharat Utsav

### Viksit Bharat @2047: Voice of Youth

#### Report

Viksit Bharat@2047 is the vision of the Government of India to make India a developed nation by 2047, the 100<sup>th</sup> year of its independence. On December 11, 2023 at 10 30 am Live webcast of Viksit Bharat@2047: Voice of Youth launch was organised at Innovation Plaza, 2<sup>nd</sup> Floor Library, Hansraj College, which was attended by about 100 students, staff and faculty members.

Honourable Minister of Education Shri Dharmendra Pradhan ji welcomed our Honourable Prime Minister Shri Narendra Modi ji, the Governors and eminent dignitaries from the education sector on the momentous occasion of the launch of Viksit Bharat@2047. Throughout the program, Prime Minister Modi spoke to Vice Chancellors of Universities, Heads of Institutes, and faculty members during workshops held at Raj Bhawans across the country, signifying the commencement of this initiative.

The vision of Viksit Bharat @2047 aims to transform India into a developed nation by the year 2047, marking the centenary of its independence. This overarching vision encompasses multiple facets of development, encompassing economic prosperity, social advancement, environmental sustainability, and effective governance. Prime Minister urged not to stop working until this dream is realised. Progress of people will translate into progress of the nation and thus, Prime Minister Modi emphasized the significance of educational institutions in shaping an individual's personality, stating that a nation achieves development only through the progress of its people.

For Bharat, Amrit Kaal has come at the right time when country is making quantum leaps. The Prime Minister reiterated that the inspiring struggle for freedom serves as a motivational source. He emphasized that every effort, be it Satyagrah, the revolutionary path, non-cooperation, swadeshi, or social and educational reforms during that era, was directed towards the attainment of freedom and gave rise to esteemed institutions/universities and strengthening the motivation for youth towards the goal of independence. Likewise, he appealed to the educators all over the country to channelise the energy of today's youth towards this goal of Developed India by encouraging '*out of the box*' thinking and suggesting ideas for change on five themes. It was announced that best 10 ideas that will direct the country and the youth will be awarded.

This effort to involve the youth in this transformative journey will have multiplier impacts on the country where the planning process will be decentralized and not restricted to only government. Youth is both an agent and beneficiary of change and thus, he insisted on involving the youth in determining the next 25 years. The Prime Minister also encouraged educators to become role models and along with degrees, additionally emphasize the improvement of the skills.

The Prime Minister concluded by stating that this campaign is a tremendous opportunity to shape the future of the nation. He urged everyone to submit their suggestions to contribute further to the magnificence of Viksit Bharat.
